FEASIBILITY STUDIES

CE

ACC. NUMBER	AUTHOR	TITLE	YEAR
2724	Banaria, Christian	A Feasibility Study on the Design of a REVISED WASTEWATER TREATMENT FACILITY FOR THE GENERAL CHEMISTRY LABORATORY OF MAPUA INSTITUTE OF TECHNOLOGY	2006
2737	Mark Sherwin G. Valite	The Effect of Dye Concentrations on the Biological Degradation of Azo Dyes in Wastewater	2005
3513	Marc Anthony T. Carbonilla	Temperature Reduction through Automatic Exhaust Fan using Programmable System on a Chip	2009
5220	Bartolome, Mary Grace A.	4-Storey with roof Deck eco-friendly School	2012
5221	Barrera, Ereeca Joice	A Three-Storey Tenement in Marikina with Lightweight Dry Wall Panels as Interior Partitions	2012
5222	Lorenz C. Lugatiman	A Multi-purpose ec-Structure with Sustainable Water Treatment Facility	2012
5223	Aliwalas, Dionisio F., Jr	A Parking Demand Analysis for a Proposed Two-Storey Car Park with Basement and Vertical and vertical garden in Intramuros, Manila	2012
5224	Magcaleng, Kenneth Rogie D.	A Proposed Five-Storey School Building with the Use of Fly Ash as an Additive Material for Portland Cement at St. Anthony School, San Andres, Manila	2012
5225	Banares, Titus Andrei R.	A Study of Converting an Intersection to a Roundabout: The Case of Quirino – Taft Avenue Intersection	2012
5303	De Jesus, Reinier L.	Beneficial rehabilitations of sewage Treatment Plant in Ayala Southvale village, Bacoar, Cavite City	2012
5304	Abrasia, Ralph Lorenz T.	Design of a 3 – Storey School Building with Solar Panel and Covered Stage with Drainage System	2012
5305	Funa, Nico E.	Design of Medium Rise Housing with Solar Panel for the Relocation of Informal Settlers in Estero de Pandacan	2012
5306	Domingo, Mark Bryan S.	Lightweight Concrete: Use of Styrofoams and Aluminum Strips as Coarse Aggregate	2012
5307	Minna Minerva M. Aclan	Proposed Design of a Five-Storey General Hospital with Rainwater Harvesting and Patient Recovery Oasis in Brgy.Pulo, Cabuyao,Laguna	2012

5308	Bataan, Aurelio M	Designing a Proposed 5- Storey Medium Rise Housing with Rainwater Harvesting System	2012
5309	ARIZAPA, Angie B.	A Study on the Development of Integrated Transport Complex Converging Batasan Road and Commonwealth Avenue Trips	2012
5310	Alvin Kim A. Antonio	A Study on the Optimization of Burning Residual as a Concrete Additive Used as a CHB Wall Alternative	2012
5311	Bansil, Adrian Alexis T.	A Study on Tire Crumb as an Additive in Road Pavement Design in a Philippine Setting	2012
5312	del Rosario, Johndem F.	Three-Storey Sustainable Residential Building with Roof Deck for a Flood Prone Area	2012
5313	Agdeppa, Florencio Felipe M.	Renovation of an Existing Wet Market to a More Sustainable Structure	2012
5314	Hong, Manjo Mark C.	Proposed Roadway Using Recycled Concrete Aggregates as Road Sub-Base Layer in Dipolog City, Zamboanga del Norte	2012
5315	Elizer F. de Aro	Properties of Pineapple Leaf Fiber-Reinforced Concrete Beams	2012
5316	Derwin Daniel C. Bautista	Localization of Intelligent Transportation System: A proposed system architecture at UP – Ayala Technohub Area (Along Commonwealth Avenue)	2012
5317	Andrea Frances N. Belarmino	Green engineering Design: a 5-storey Hospital Building with rainwater catch	2012
5318	CABE, Arces Jay L.	Geogrids as Alternative Mechanical Stabilized Earth for Land Development	2012
5319	Abanador, Neilson B.	Design of Three Storey Public School Building with Rainwater Harvesting System in Maybunga, Pasig City	2012
5470	Delos Santos, Zairon Z.	Design of Storm Sewer System for the Bistekville 1 of Brgy. PYtA Quezon City	2012
5471	Janiña Lyka V. Baiza	Design of a Two-Storey Administrative Center With Green House Structure Using Treated Wastewater	2012
5472	Richanne N. Faller	Design of the System of a Diversion Channel that will Transfer Water from Laguna de Bay to Manila Bay	2012
5473	Ferrer, Bernice Anne N.	Design of a Mutli-Purpose Four Storey Building with a Built-in Rainwater Collection System and Treatment Facility in Kalumpang, Marikina City	2012
5474	Neil Daniel C. Mallari	Analysis and Design of Three-Storey Prison Cell Structure through Application of Green Engineering Methods	2012
5475	Gangcuangco, Dave Joseph V.	An Analysis of Geotechnical Reports to Determine the Soil Bearing Capacity in Manila for the Design of Foundation	2012

5480	Solis, Karl Kevin G.	A Proposed Diversion road to Improve Traffic Movement of Commercially developed areas in Bacoor Cavite.	2013
5481	Quebral, Renan Ker P.	Design of Green Emergency Housing for Calamity-Stricken Communities	2013
5482	Mariano, Daisie Lou D.	A Proposed Six-Storey Sustainable Mandaluyong City Jail	2013
5483	Almoro, Kevin Rowe C.	A Public Market Design Engineered towards Environmental Sustainability in Minalin, Pampanga	2013
5484	Raph Christian C. Eulalia	A Study of Sustaining Total Suspended Particulates (TSP) Concentration from Vehicular Emission by Adopting Mixed-use Development Concept in Brgy. Pinagbuhatan, Pasig city	2013
5485	Ted Jonathan S. Evaristo	A Study on the Economic Benefit of Using Lightweight Precast Hollow Core Wall on Socialized Housing	2013
5486	Borces, Pauline L.	A Study on the Geotechnical Properties of Soil around a Nickel Mining Area in Brgy. Guisguis, Sta. Cruz, Zambales	2013
5487	Enriquez, Maveric M.	Applicability of Precast Reinforced Concrete Pavement on the Proposed EDSA Rehabilitation	2013
5488	GATCHALIAN, Kenneth Lawrence G.	Assessment of Commercial Blends of Microorganisms and Enzymes in the Treatment of Oil and Grease in Wastewater	2013
5489	Marcaida, John Francis C.	Design and Development of Passenger Terminal at Batangas Port	2013
5490	Ambrocio, Lil Joe	Design Development of 4 storey mixed-use Green Building in San Francisco del Monte quezon City	2013
5491	Arvin Ray Tristan V. Arañez	Design of 5-Storey School Building with Green roof and Photovoltaic Panels	2013
5492	ALINDOGAN, JERSON	Design of a 4-storey Integrated Vincentian center with Rainwater Harvesting System in Lucena City, Quezon	2013
5493	John Peter M. Balasolla	Design of Four-Storey LEED Compliant Condominium In Pamplona Tres, Las Piñas City	2013
5494	Escauso, Edilberto C.	Design of a Fabrication Plant with a Three-Storey Office Building Using Coconut Husk Sound Panel on Interior Walls Three-Storey Office Building Using Coconut Husk Sound Panel on Interior Walls	2013
5495	GUILLERMO, April Elli C.	Design of a Five-Storey Hotel with Green Roof and Rainwater Harvesting Facility in Brgy. Talaga, Lemery, Batangas City	2013
5496	Jefferson B. Lim	Design of a Multi-Purpose Structure with Rainwater Harvesting Facility in Tunasan, Muntinlupa City	2013
5497	Labata, Jennifer D.	Design of a Sustainable L-Shaped 5-Storey Dormitory	2013
5498	Dela Cruz, Ralph Joed A.	Design of a Two Story Reinforced Concrete Public Market with Constructed Wetlands, Rainwater Harvesting System, and Green Roofing	2013

5499	Cuison, Christian Dave N.	Design of an Integrated Port Passenger Terminal Building in the Port of Iloilo City, Iloilo	2013
5500	Alyssa Jeanne V. Herrera	Design of Diversion Headwork In Tunasan River, Muntinlupa City	2013
5501	Ernesto M. Baldono, Jr	Design of Four-Storey Multipurpose Church Building Using Fast Wall Lightweight Concrete Panels as Interior Wall Partitions	2013
5502	Cruz, Niño Raymond C.	Design of Low Cost Residential Building with Flood Bypass in ECO Barangay Marulas, Valenzuela City	2013
5503	Dy Hianto, Ronnie J.	Design of Medium Rise Housing With Intermediate Reinforced Concrete Moment Resisting Frames in Tala, Caloocan City,	2013
5504	Alimuin, Jan Ahmel B,	Design of Multifunctional Green Structures of San Miguel, Betis Guagua, Pampanga	2013
5505	GO, Jeddrick Roald C.	Design of Proposed School Building with Polystyrene Insulated Walls and Green Roofs with Water Harvester in Caloocan City	2013
5506	Baylon, Aljon C.	Design of Prototype School Building with Rainwater Harvesting System: Case Study for Bae Laguna	2013
5507	Balbino G. Coronado III	Design of Small Gabion Dam with Water Distribution System in GK Enchanted Farm Pandi, Bulacan	2013
5508	Mission, Mark Paolo D.	Design of Storm Water Harvesting Using Underground Catch Basin With Screen and Aggregate Filters in Intramuros, Manila	2013
5509	Dominguez, Dominique C.	Design of Sustainable Concrete Pavement Using Recycled Concrete Aggregates In Lupao, Nueva Ecija	2013
5510	PANOPIO, Julio Efraim G.	Evaluation of Different Wastewater Treatment Options for Soy Sauce of Silver Swan Manufacturing Company Inc.	2013
5511	Sacramento, Michael Von P.	Water Supply Control System with Catchment Facility Woodland Hills Carmona, Cavite	2013
5512	Abes, Eliazar	Traffic Flow Improvement to Reduce Accidents along Commonwealth Avenue Quezon City	2013
5513	Aguilar, Christle S.	Resthouse and Rainwater Harvesting System for The Congregation of Franciscan Sisters In Lupao, Nueva Ecija	2013
5514	Columna, RegorLeuric Y.	Proposed Urban Oasis with Rainwater Harvesting System for Poblacion Park	2013
5524	Apit, John Carlo T.	Three-Storey Residential Building with Roof Deck with Recycled Glass as Concrete Admixture That Can Withstand the Wind Load of Super Typhoon Yolanda	2014
5525	Santiago, Gabriel Rumolo O.	Three-Storey Rehabilitation Building with Indoor Park for PWD Patients and Old Age Citizens	2014

5526	Marinelle U. Camacho	Sustainable and Cost-Efficient Building Design of a Christian Church	2014
5527	Balmoris, Valerie Ira C.	Structural Design of New Main Insular Patientary of the Philippines with Integration of Various Green Engineering Methods	2014
5528	Eisha Dane A. Guarin	Slope Stability Analysis Along STA.97+600 to STA.97+620 of Ternate-Nasugbu Road using Culmann's Method, Ordinary Method of Slices, and Simplified Bishop's Method	2014
5529	MANALAO, Riolyka Z.	Proposed Three-Storey Traffic Monitoring Center with Traffic Impact Assessment and Application of Glass Facades	2014
5530	Aladin, Rya Jasmine L.	Proposed Four-Storey Medical Center Building using Encased Steel Composite Structure with Green Design in Mandaluyong City	2014
5531	Jhan Paul D. Acevedo	Paradigm Shift Strategy of Inclusive Mobility: The Applicability of Bus Rapid Transit along Commonwealth Avenue	2014
5532	Jefferson Bill G. Bisnar	Optimization of Roadside Drainage Systems: A Comparative Analysis of Rectangular Lined Ditch and Underdrain System using RCP	2014
5533	Ambion, Noel E.	Investigation of the Structural Strength of an Existing Two-Storey Multi-Purpose Barangay Hall Due To an Additional 3rd Storey Without using an As-Built Plan	2014
5534	Acebedo, Crisel	Integration of Buoyant Foundation to Container Van Housing in Brgy. Latoria, NAIC, Cavite	2014
5535	Casco, Angel-Juro C.	Green Design of a Three-Storey Barangay Multipurpose Building in PAndacan, Manila	2014
5536	Geronimo, John Carlo C.	Green Building Material: Research on PaperCrete Concept for Construction and Structural Application	2014
5537	Melchor, Aldrin Vincent B.	Five-storey Socialized Housing Project with Green Engineering Design Application and Rainwater Harvesting System located at Fabella Road, Mandaluyong City	2014
5538	Arista, Jansen Paul S.	Evaluation of Strontium Aluminate in Traffic Paint Pavement Markings for Rural and Unilluminated Roads	2014
5539	Lapuz, Krizia-Alyssa E.	Establishing of the City Logistic Concept in Improving the Freight Distribution in Metro Manila	2014
5541	Princess J. Dela Cruz	Effects of Bambusa blumeana Fibers in the Load Bearing Capacity of Concrete Hollow Blocks	2014
5542	Darryil Guian Lo V. Alviar	Development of Flood Evacuation Decision Model: The Case of Barangay Sto. Domingo, Quezon City	2014
5543	Adorna, Jamilus A.	Development of an ASEAN Green Building Rating System Framework	2014

5544	Arnaez, Mark Randolph T.	Determination of Volume of Polyethylene Terephthalate Applied as Coarse Aggregate on Concrete to Obtain its Maximum Compressive Strength	2014
5545	Mary Grace V. Dapito	Determinants of Demands of Pasig River Ferry Service	2014
5546	Comandao, Mary Anne P.	Design of water Harvesting System for a Four-Storey 40 Classroom Integrated Public School Building.	2014
5547	Macapagal, Cornelio P.	Proposed Design of Upflow Anaerobic Sludge Blanket (UASB) for Mapúa Institute of Technology	2014
5548	Manalaysay, Ma. Leilani T.	Design of Two-Storey Cultural Center Localizing Bubbledeck System	2014
5550	Amata, Rafael Ricardo G.	Design of a Three-storey Commercial Building with Titanium Dioxide as Concrete Additive	2014
5551	Mckavin V. De Leon	Design of Four-Storey Residential Building with Roof Deck Using Insulated Concrete Forms as Walls in Pasay City	2014
5552	Bermejo, Jairo R.	Design of Four-Storey Multi-Purpose Green Building For Ledaver Builder's Business Expansion at city of San Jose Del Monte, Bulacan	2014
5553	Ignacio, Rafaella P.	Design of Four-Storey Commercial Building with Low Carbon Footprint in Novaliches, Quezon City	2014
5554	Cabacungan, Norman R.	Design of a Five- Storey Sustainable Government Hospital in Pasay City	2014
5555	Bisain, Ralph Angelo B.	Design of Five Storey Multipurpose Building with Rainwater Harvesting System and Air Pollutant Absorbing Paint for Flood Prone Area in Lourdes Minalin, Pampanga	2014
5556	Da Costa Belo, Justina Aurea	Design of Fire Protection Particular Fire Sprinkler System in South Building of Mapua Institute of technology	2014
5557	Amor, Justine Charles V.	Design of a 2-Storey Fire Station with Rainwater Catchment System for the City of Bacoor	2014
5558	Austria, Delwin S.	Design of a Three-Storey Christian Church with Energy Saving Feature	2014
5559	Cataquis, Lenoel Joseph M.	Design of a Four-Story Evacuation Center using Ceramic Scraps And Stone Dust as Substitute Aggregates	2014
5560	Agquiz, Christine Joy C.	Design of a Four-Storey Mixed-use Building with Roofdeck Incorporating the use of a Programmable Logic Controller for Lighting	2014
5561	Cabrera, Glenbert C.	Design of a Four Storey High School Building in an Integrated Sugar Estate Community in Canlubang Calamba Laguna	2014
5562	Llanto, Harrold Dominic	Design of a Four Storey Commercial Building with Long Span Beams Reinforced with Carbon Fiber Reinforced Polymer Rebars and Cross Ventilation System	2014

5563	Capua, Mike Christian S.	Design of a Five-Storey School Building with Rainwater Harvesting and Green Wall Design in Pateros Elementary School, Metro Manila	2014
5564	Castro, Rennier P.	Design of a 4-storey Technology School Building with Rainwater Catchment System Aguho St., Comembo, Makati City, Metro Manila	2014
5565	Arconado, Mark Kevin S.	Design of a 4-storey Green Residential Commercial Building with Roof Deck in Rosario, Pasig City	2014
5566	De Vela, Jose Regie Q.	Design of 5-storey commercial/residential Green Building with Greywater recycling System	2014
5567	Bargola, Drazen Benedict L.	Design of 4-Storey Medium Rise Residential Building Using Tunnel Form System	2014
5568	De Torres, Anna Katherine A.	Design and Development of the Puerto Princesa Airport Passenger Terminal	2014
5569	Acenas, Joseph G.	Design and Development of Passenger Terminal Extension of Clark International Airport	2014
5570	Gilbuena, Roldan A.	Design and Development of a Three-Storey Dormitory Building in Muntinlupa City Lot 4-K-1-B-3-D-2, National Highway, Brgy.Tunasan, Muntinlupa City	2014
5571	Castilan, Allyn Mariele	Design and Development of a City Logistics Center	2014
5572	Abuiza, Sheena O.	Design and Analysis of Superstructure Section of Steel Truss Bridge Using Staad pro with Solar Panel Installation as Cleanergy Source	2014
5573	Kim Aldrin S. Mejia	Concrete Strength Analysis: Replacement of Parts of Sand with Sawdust and Parts of Cement with Fly Ash for Slab on Grade	2014
5574	Janine Fae D. Necesito	Concept of Localized Construction Formworks on Condominium Housing Projects	2014
5575	Damilig, Kevin Paolo G.	Comparative Study and Cost Analysis of Ordinary and Special Reinforced Concrete Moment System for a Three-Storey Health Center- Quirino, Manila	2014
5576	Mario S. Caseres, Jr.	Community Perception on Trans-operability of Intramuros	2014
5577	Kate Anne M. Dipasupil	Building Information Modeling (BIM) as Monitoring and Evaluation Tool in Project Implementation in Regine Garden 2 at Binondo, Manila	2014
5578	Christian A. Alimurong	Assessment of Standard Concrete Using Recycled Concrete and Quarry Dust as Alternative Aggregates	2014
5579	Alarcon, Juan Miguel	Assessment of Pre- Germinated Hydroseeded Coconet as Reinforcement for Slope Protection	2014
5580	Reimon Charles R. Angeles	Assessment of Crushed Oyster Shells as an External Coating to Plywood as a Fire Retardant Material	2014

5581	Daniel Fernando P. Biglete	A Study on Loading and Unloading Behaviour of PUJ along Signalized Intersection of Taft Avenue and Pedro Gil	2014
5583	Juntereal, Krizhia Camille G.	A Proposed Design of a Three Storey Office Building with Roof deck for the Sanguniang Bayan and Registry of Deeds of Infanta, Quezon	2014
5584	Amanjit S. Brar	A Proposed Green Design and Construction Methods of a Four-Storey Condominium Building with Roof Deck	2014
5585	Diaz, Rena May P.	A Design For Silver Star Integrated Green Bus Terminal	2014
5586	Fujino, Hiroyuki Jr. D.	A Comparative Analysis in Building Design Between an Insulated Concrete Form (ICF) and Concrete Hollow Block (CHB) as an Exterior Wall System	2014
5587	Cordero, Jessica Ann N.	A 4-Storey Residential Building Innovated with Solar Panel, Pivoting Windows and rainwater Harvesting System	2014
5588	ALMANDUS, Jhamina Zarrah J.	4 – Storey Dormitory with Natural Light, Ventilation and Rainwater Cistern	2014
5589	Daniel L. Billones	Strengthening of Lightweight Three-Core Stretcher Concrete Masonry Unit (CMU) Using Shredded Recycled Polyethylene Terephthalate (PET) Bottles as Additives	2015
5834	Catalan, Neil Carlo P.	Solid-Medicine Cabinet and Inventory System with time based alarm and light Emitting Diode (LED) Notifier	2012
5835	Grace Joy F. Bonus	Sorption of Lead from Wastewater Using Eggshell Biosorbent	2006
5836	Lloyd Edwinson S. Arellano	Speech Controlled DC-Motor Operated Wheelchair with Elevation System	2011
5838	Mary May C. Carabeo	Swelling Capacity of Different Polyvinyl Alcohol and k-Carrageenan Blend Films	2005
5842	Maricel V. Abugan	The Effect of Calcium chloride (CaCl ₂) as a Model Ionic Impurity on the Biosorption of Lead (II) on Sargassum cristafolium	2006
5850	Jo Andreo F. Fernandez	Universal Programmable System on a Chip Trainer for Educational Institutions	2009
5856	Liezel D. Batac	Wireless Electrocardiogram System via Zigbee for Heart Rate Monitoring	2010
7171	Borris, Darianne Mae S.	MCU-Based Hot Compression Belt Control System as a Menstrual Cramp Reliever	2015
7202	Almazan, Ivana Krezzel T.	Automated Nebulizer for Person with Asthma based on Vital Signs and Peak Expiratory Flow Reading	2015
7203	Aquino, Nicole Joyce J.	Gamified Teaching and learning Platform for Christian Academy of Manila	2015
7204	Cabatac, Mark Anthony M.	Integration of Lithium Based Catalyst in Carbon Monoxide to Breathable Air Converter with Data Monitoring and Notification System for Automobile	2015

7205	Bolesa, Jerry Luis M.	Monitoring Cabinet using Arduino-Based FingerPrint Recognition and logging system	2015
7206	Aquino, Nicole Joyce J.	Gamified Outcomes-Based Teaching and Learning Assessment Tool	2015
7207	De Chavez, Mark Anthony D.	An Automated Inventory System using Quick Response (QR) and Barcode for Property Management of the Boy Scouts of the Philippines	2015
7208	Haga, Ryota A.	Validation of Lidar Point clouds for Classification of High- Value Crops using Geometric and Reflectance	2015
7209	De Leon Ricco Noel P.	Microcontroller-Based Lead-Acid Battery Health Monitoring System Through Sulfation Measurement using Impedance Method	2015
7210	Asuncion, Bianca Karla P.	Faculty Consultation Schedule Reservation and Notification System of School of EECE	2015
7212	Chahal, Jaspreet K.	Automatic Fire Extinguisher for Pronto's Hand were using Light and Smoke Detector	2015
7213	Chahal, Jaspreet K.	A Non-Invasive Approach for Measuring Vital Signs of Patient Through Optical Blood Pressure Sensor using Moens-korteweg Model	2015
7214	Borris, Darianne Mae S.	Coin Operated Xbox and TV with FingerPrint Security	2015
7345	Mark Alexis A. Abad	Reliability Assessment of Structural Steel Angle Bar After Being Exposed to Fire	2015
7346	Alvarez, John Paul R.	A Simplified Framework for Improvement of Prevailing Construction Occupational Health and Safety Standards: In the Case of the Levels at Filinvest City, Alabang	2014
7347	Donne Kevin P. Venasquez	Assessment of E-Procurement System of EEI: Use of Oracle Purchasing	2015
7349	Cedric Martin H. Hernandez	An Assessment of the Compressive Strength of Soil-Cement Interlocking Blocks for Wall Panels of Residential Houses	2015
7350	Miguel Carlo B. Marfil	Estimating the Demand for Travel during Emergency Floods in Barangay Bahay Toro, Quezon City	2015
7351	Jeremy S. Gapusan	A Comparative Study on Application of Safety Practices of On-Going Construction of Selected Medium to High Rise Buildings in 1st District of Makati City and Silang, Cavite	2014
7352	Columna, Regor Leuric Y	Proposed Urban Oasis with Rainwater Harvesting System	2013
7429	Del Rosario, Adrian.	Microcontrolled Amperometric sensor For Determining potassium level of Body Through saliva	2015
7530	Abdon, Christopher John	Determining the Rank of Factors Affecting the Implementation of Occupational Safety and Health (OSH) of On-going Constructions along España Blvd. (cor. P. Campa to A.H. Lacson)	2015

7531	Aguilar, Alex Jarmaine	Effects of Reduction of Steel Fibre (by weight) to the Compressive Strength, Split Tensile Strength and Cost Effectivity of Steel Fiber Reinforced Concrete	2015
7533	Arenas, Bjorn Christopher	Queue Time Investigation of Public Transportation along España Boulevard Incorporating Geographic Information System (GIS)	2015
7534	Asis, Jan Francis	A Proposed Non-Deterministic Mathematical Model to Develop a Standard Jeepney Fare Basis in Metro Manila (NCR) Using a Cost-Benefit Approach	2015
7535	Bals II, Emmanuel	The Effectiveness of CE581 Water Treatment Plant 1 installed at the Mapúa Institute of Technology for the Removal of Various Chemicals and E. Coli in Water Supply	2015
7536	Cabrera, Aubrey Camille	An Assessment of the Adequacy of the Roadway Drainage System at Dr. A. Santos Avenue from Olivarez Hospital to SM Sucat	2015
7537	Esguerra, Armel S.	Multivariate Analysis of Customer Satisfaction: A Case Study of Manila Metro Rail Transit System (MRT-3) Passengers	2015
7538	Esquejo, John Patrick E.	Flood risk Assessment: A Study of the Factors that Affect Flood control Efficiency of the Rivers in Kawit, Cavite	2015
7539	Bayona, Daniel K.	An Investigation on the Effectiveness of the Existing Stormwater Drainage and Sewerage System of Mapúa Institute of Technology	2015
7540	Gajonera, Ma. Olivia Kristine	Liquefaction Susceptibility Assessment of the Technological University of the Philippines – Taguig Campus Using Empirical Method and Computer Simulation	2015
7541	Katigbak, Darwin	Deterministic Seismic Hazard Analysis of Binondo, Manila through GIS Technology	2015
7542	De la Rosa, Daryl Paul	Integrating Transport Options: GIS – Monitored Electric Jeepney in Intramuros, Manila	2015
7543	Lisondra, Dave Angelo	Fire Resistance Reliability Comparison Through Measurement of Spalling and Residual Compressive Strength of Ordinary Portland Cement Mortar and Rice Husk Ash Incorporated OPC Mortar	2015
7544	Matias, Christian Don	Black Spot Mapping within Intramuros Community Using Geographical Information System (GIS)	2015
7596	Gajonera, Ma. Olivia Kristine	Liquefaction Susceptibility Assessment of the Technological University of the Philippines – Taguig Campus Using Empirical Method and Computer Simulation	2015
e7602	Domingo, Patricia Grace M.	Microcontroller-based Bio-Digester System Controlled using LM35 Heat Sensor	2015

e7603	Agasang, Charlson S.	Use of Rattan as an Alternative Slab-on-Grade Reinforcement for Low-cost Housing Projects	2015
e7604	Agbayani, Patricia Mae D.	An Experimental Investigation on the Use of Ground Shell and Dried and Crushed coconut shell	2015
e7605	Alcid, Carol Grace	The Effects of Polycarbonate Plastics (Shampoo Sachets) to Non Traffic Concrete Pavement Blocks	2015
e7606	Almacen, Arvin John	A Comparative Analysis of Reinforced Concrete Block to the Traditional Concrete Hollow block	2015
e7607	Baduya, Thomas P	Design of 3-story Commercial Building with Power Alternative Feature in Halang, Calamba Laguna	2015
e7608	Bautista, Alfred Erik	Stochastic Assessment of LRT 1 Transport Service as Climate Resilient Transport Facility using	2015
e7609	Dalisay, Jejay	Deterministic Seismic Hazard Analysis and Risk Estimation in cubao, Quezon City	2015
e7610	Ecija, Maria Francine M.	Metropolitan Manila Roads without Jeepneys: A Projection of Impacts of PUJ Franchises	2015
e7611	Escaro, Diane Kiesha Ceres	Calibration and Validation of Hydrologic Model of PHIL-LIDAR for Mandulog River in Iligan City	2015
e7612	Fernando,, Carla Fatima N.	A Comparative Study on Bond Strength and Workability Characteristics of Granulized	2015
e7614	Garcia, Juan Paolo S	A Proposed Riverfront Development for prevention of Possible Flooding and for Recreational Purposes of Communities along Napindan Channel in Barangay Kalawaan Sur and Norte, Pasig Cit	2015
e7615	Garcia, Robert King S	Stochastic Railway Utilization Efficiency Model: Input to Alignment for Logistics Center	2015
e7616	Garcia, Claren Pia S	Proposed Analysis of Project Monitoring through the use of closed Circuit Television for Niche	2015
e7617	Inocencio, Rev V	Study of Methods of Construction to Convert an Existing Open Dump into Engineered Sanitary	2015
e7618	Lee, Sarah Lee A.	The Geographic Information System (GIS) Application on Traveler's Information for Buses	2015
e7619	Mangarun, Aquiza M	A Proposed Subsurface Drip Irrigation (SDI) System for Sustainable Small Scale Agricultural	2015
e7620	Panopio, Julio Efrain	Exploring the Use of Geospatially-Oriented Mobile Application as a Tool in Transportation Studies	2015

e7621	Pingol, Michelle F	Functional Assessment of U-Turn Slots as Traffic Control Facility along EDSA from Macapagal	2015
e7779	Abes, Eliazar	Traffic flow improvement to reduce accidents along commonwealth Avenue	2013
e7781	Atian, Lyza Jane	Steel concrete correlation analysis: A comparison of the bond strength between corroded and non-corroded steel bars	2016
e7782	Atienza, Maria Alyssa	A Comparison on the time and Overall cost required in installing timber and steel framework on columns	2016
e7783	BArez, Ephraim	The Effects of flooding on Calumpang River in Batangas City due to Typhoon Glenda...	2016
e7784	Bayani, Dean Anthony	Assessment on the Walkability of Existing Pedestrian Infrastructure and Walk ways originating from LRT 1 Central station...	2016
e7785	Bueno, Jean Pauline A.	The Efficiency of Water Hyacinth fibers as a Potential material on the Production of construction nets	2016
e7786	Celeste, Marion	Rainfall-runoff model of Malaking Ilog in Batangas-Quezon province	2016
e7787	Ching, Arvy Niko	Investigation of the Efficiency of the Drainage System along Taft Avenue from Lawton to Quirino Ave, to solve area's perennial...	2015
e7789	Deano, Collene Nicole	Comparative Study of the Four Ways of Masonry Wall Arrangement using Burnt Clay Bricks	2016
e7790	Esquivel, Marvin Claude	A Study on the Environmental Sustainability of the BRT Line 1 Project Traversing manila City hall to Quezon Memorial Circle in terms of Ambient Air Quality	2016
e7791	Ganitano, John Steven	Enhancing the Mobility of Medical and Life Support Emergency Vehicles in the City of Manila	2016
