

LIST OF GRADUATE THESES
as of October 2021
Master of Engineering Program – Mechanical Engineering

- Dayupay, R. C. (2016). *Drying Characterization Studies of Cashew (*Anacardium occidentale L.*) Nut* [Master's Thesis, MEP-ME]. School of Graduate Studies, Mapua Institute of Technology.
- Jonjon, O. S. (2015). *The Implementation of Condition Based Maintenance (CBM) Using Vibration Analysis Technique in an Induced Draft (ID) Fan at Holcim Cement Plant at Mabini, Batangas* [Master's Thesis, MEP-ME]. School of Graduate Studies, Mapua Institute of Technology.
- Lagundino, M. N. (2019). *Design of a Tunnel Ventilation System for Underground MRT Station using CFD Simulation* [Master's Thesis, MEP-ME]. School of Graduate Studies, Mapua University.
- Reyes, C. A. (2017). *Assessment of the Transfer Line Corrosion of Atmospheric Pipestill* [Master's Thesis, MEP-ME]. School of Graduate Studies, Mapua University.
- Zali, M. (2015). *Assessment of the Indoor Air Quality of an Office Using CO₂ Concentration Level : A Segment of a Baseline Data Preliminary Study* [Master's Thesis, MEP-ME]. School of Graduate Studies, Mapua Institute of Technology.
